PROFILE

David La Bruno's practice involves patent application preparation and prosecution in the fields of telecommunications, electrical engineering and computer science. Prior to joining the firm, David was an associate in several intellectual property private practice settings. David also served eight years as a Senior Intellectual Property Corporate Counsel in Bell Labs at Alcatel-Lucent (now Nokia) managing the creation of a wireless and optical telecommunication patent portfolio. David's experience extends across a broad spectrum of technologies ranging from electro-optics and optical networking, wired/wireless network architecture and management, data compression/transport, graphics and video, human-machine interaction, software and databases, and business processes. David utilizes this experience to deliver high quality work product with a focus on responsiveness to client needs.
